It was being said about town Fri tay that the selectmen may be petiioned to place a clause in the warning or the annual town meeting in October asking that town meetings be held in the evening instead of in the after-noon as has been the rule in Killingly for many years. The principal argu-ments in favor of the change are that mill operatives, clerks and others engaged in occupations of a confining nature find it difficult and sometimes impossible to get out and attend af-ternoon meetings.
